European 4pp mailer - Global IT Vendor:

The client wanted to remind its customers about a specific networking solution, so I wrote both an email and a printed mailer to outline its benefits, and encourage further research by the recipients.

Front Cover: **Is your network being spread too thin?**

The traditional network is a thing of the past.

Technological advancements have continued to reveal IT's true potential within a typical business's infrastructure – however, it is becoming increasingly difficult to meet demand whilst maintaining a cohesive, cost-effective and manageable network.

[Company name] Distributed Enterprise Solutions address all of the needs of today's distributed network; a rich portfolio, including many best-in-class products, provides an incredibly simple and cost-efficient answer.
